01. INTRODUCTION

ICOLD Mexico 2026 will be the global epicenter of hydraulic engineering, bringing together over 2,000 specialists and industry leaders to share knowledge and shape the future of large dams and sustainable water management. This world-class event will take place at Expo Guadalajara, Mexico's largest convention center, which offers spacious and modern facilities for a top-tier experience.

The available exhibitor booths offer flexible options to maximize your presence: from 3x3 meter spaces with electrical outlets to fully equipped booths.

featuring Octanorm systems, furniture, and panels—ideal for showcasing innovations and connecting with professionals from around the world.

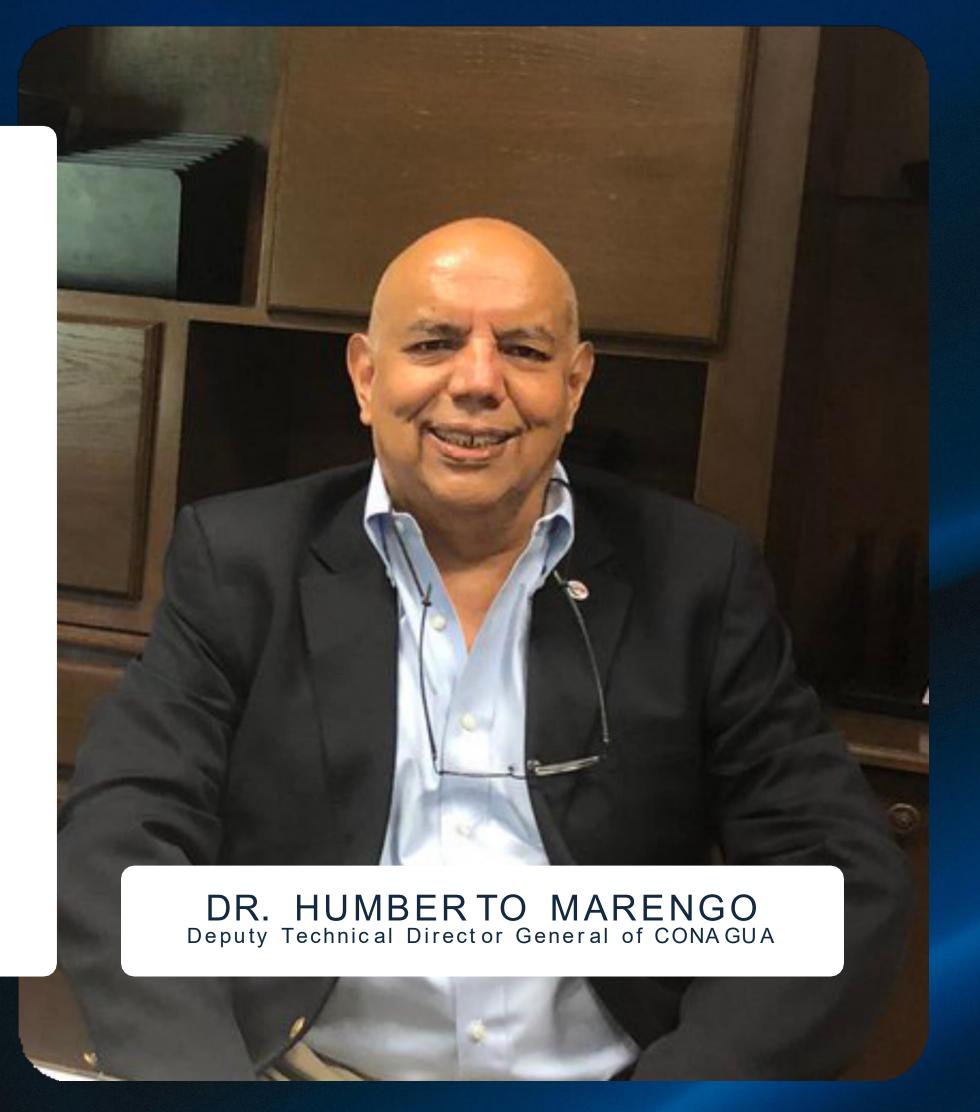

Participating in ICOLD 2026 as an exhibitor not only ensures visibility at a highly relevant international event but also provides direct access to a network of hydraulic infrastructure specialists driving innovation and collaboration in the sector.

02. ABOUT US

The Mexican Committee on Large Dams is a civil association grounded in scientific, technical, and professional expertise. Its mission is to promote the development and dissemination of studies, projects, construction, operation, and maintenance of large dams and related civil-engineering works. It delivers information and analysis on the technical, economic, ecological, and social dimensions of these infrastructures, fostering the exchange and advancement of specialized hydraulic-sector knowledge across Mexico.
